01 EMPLOYMENT HISTORY

Jun 2015 — Feb 2016

Kolkata

Internship at Excelligent Infotech Pvt. Ltd.

I learned Core PHP, Custom WordPress Theme & Plugin Development, Learned to development Custom WooCommerce Theme Development. I worked on many live projects there, mainly custom wordpress themes & Custom WooCommerce themes. Also I created a Small framework for wordpress themes development to minimize the development timing.

Mar 2016 — Mar 2017

Kolkata

Web Developer at NAK Infotech Pvt. Ltd.

I enhanced my WordPress Skills, also learned many new things on WordPress Theme Development. There I worked on Custom WordPress Plugins development, worked on premium theme core code modifications. I learned Codeigniter PHP Framework and did many live projects on CI Framework such as Ecommerce Website & Payment Gateway Integration (such as Authorized.net, PayPal, PayU, CCAvenue and many others), Bidding Website, Custom CMS.

May 2017 — Present

Tribeni

Sr. Web Developer at GBYTE INFOTECH

Learned many New Skills such as Laravel PHP Framework, Android/iOS App Development using Cordova & OnsenUI, React Native, dJango Python Web Framework, REST API Development, ReactJs, React Native. There I worked on many custom web application development projects, built SaaS Applications, worked on Cordova & OnsenUI based Mobile applications, did python projects, and provided training to freshers.

For the first time, I got opportunity to develop & maintain a High Traffic Web Application (an Ads view MLM System), a Large Database and it's Server, also mitigate a DDOs Attack on that MLM System.

Aug 2021 — Aug 2022

Kalyani

Sr. Developer at YorTorn Pvt. Ltd. (Partner Company of GBYTE INFOTECH)

I got opportunity to work on IoT programming and also got chance to enhanced my python skills. I developed a Face Recognition Camera using python, OpenCV & Raspberry PI Module, also worked on Home Automation (Electronics) device, various sensors, esp32, esp8266, Arduino micro controller programming using micro python & C++.
